

Eve of Construction

Intro G A7 D

D G A7 D G A7
Camelback Slopes, once were for Skiing Boarders took over, skiers were leaving
D G A7 D G A7
They built the water park for swimming and boating Ski boots and poles replaced by sun tan lotion
D G A7
And even the lazy river's got, bodies floating

D G A7 D Bm
And you tell me over and over and over again my friend

G A7 D
You don't believe we're on the eve of construction

D G A7 D G A7
Don't you understand what we're trying to say The waterpark rides they just get in the way
D G A7 D G A7
All those people from the east isn't it a pity We get all them assholes from New York City
D G
Take a look around ya boy, It's bound to scare ya OY!

(Chorus)

D G A7 D G A7
We all love to ski so keep the slopes open We need some new trails to keep the money flowing
D G A7 D G A7
Were happy that you build us a working shower But how 'bout spending more than a 100 dollars
D G A7 D G A7
A handful of stockholders passing legislation But Sam's got the power to do all the regulating
D G
Is Camelback for Sale? Or is it speculation

(Chorus)

D G A7 D G A7
You build slides real high six stories in height Now how 'bout making snow up on Margies' Delight
D G A7 D G A7
You may erect fences, bridges and gates But sooner or later we're gonna run out of space
D G A7
The pounding of the hammers nail everything in place
D G A7
Go from Skiing to a waterpark without leaving a trace
D G A7
Take the customers money but can't remember their face.

D G A7 D Bm
And you tell me over and over and over and over again my friend

G A7 D
You don't believe we're on the eve of construction

G A7 D
You don't believe we're on the eve of construction

Skiing out in Aspen for us,
 Till we had to deal with,
 Here's the story of a guy,
 It's the tale of injury,
 Lack of **Visibility**, sheer **Stupidity**
 Skiing on a slope above your **Ability**
 Now you're just a **Liability**
 Could have lost your **Masculinity**
 You spent so much time in the lodge
 Your leg propped up,
 You didn't want to admit
 A song was coming your way
 You skied with lots of **Obstentisity**
 When you said that you know how to ski
 You got carried away with **Excitability**
 You've got to think of future trips you see.

was such a joy
 this lame and injured boy
 who went crash, boom and bang!
 to our own Steve Spang
 Where was your **Accountability**
 Makes me question your **Credibility**
 Didn't have much **Durability**
 When you barley missed that frek'n tree
 Drinking from that chair
 your crutches close. With that Achilles tear
 You knew what was on our mind
 And it's not very kind
 Didn't have much **Believability**
 You were full of **Joculariry**
 When you thought you were as good as me.
 When you go on slopes that you can't ski.

Stevie thought he had it made. Almost got lucky, almost got laid. Then he went and tore his ankle up. "**Steve**" she said "**I think you're outta luck!**". What ya gonna do when you're skiings done. Screwing with your ankle sure ain't fun. You didn't ski very many runs. Go see Roger for a Re-fund.

You didn't have **Originality**
 Where was all your **Rationality**
 So now I tell you **Categorically**
 I'm gonna way it **Emphatically**

Are you coming down with **Senility**
 Skiing alone? What **Audacity**
 If you ever want to be as good as me
 Take a lesson! Learn to Ski

Visibility **Stupidity**
Credibility **Liability**
Obstentisity **Believability**

Accountability **Rationality**
Durability **Masculinity**
Joculariry **Excitability**

This song is over ain't is grand

Hasta Lavista Steve Spang.
